What are your intern assignments from day 1?

- side-by-side at supervisor's school full-time

Please briefly describe what experiences an intern in your district would receive. (consider using this section to describe what day to day internship would look like throughout the internship experience):

The intern matched with Tucson Unified School District (TUSD) will be assigned an internship program tailored to the individual's professional goals. TUSD is a culturally diverse district that offers great opportunities and experiences. Interns could work with a doctoral level, licensed psychologist, and certified school psychologist as a primary supervisor.

Based on preference and supervisor's discretion, interns could conduct rotations that focus on students with intellectual disabilities, severe emotional disabilities, and/or autism. TUSD offers opportunities to work with children from preschool to high school. Interns can build assessment, counseling, and procedural process skills with different supervisors through the rotations, but also focus on target areas with the primary supervisor.

After the first half of the year, the intern will be assigned a school so that they may be immersed in the day-to-day functioning of a school psychologist; the intern's caseload will remain consistent with their level of experience and will be supported by intern's primary supervisor.

Describe professional development and training opportunities at site (check all that apply):

- regularly scheduled professional development for intern level trainees (targeting trainee skills)
- regularly scheduled psychologist group meetings/supervision/training (targeting all district school psychologists)

Will the supervisor(s) provide 2 hours of direct supervision for every 40 hours worked

- Yes

How many hours do interns typically accumulate throughout the year

- 1500

What other information should intern candidates know about your district or internship experience that is not listed here?

- TUSD offers a competitive internship salary with excellent benefits, uses the 2020 NASP Model of Practice, and provides ongoing professional development and support for school psychologists.
- Being a full-time intern from late July until end of May (or end as mandated by your university program).
- Same benefits entitled to any employee. These include medical, vision, dental, life and supplemental insurances.

- Experiences across the Comprehensive Service Delivery Model.
- Job opportunity – Following completion and meeting all requirements, TUSD hopes to hire interns to start their careers.

Are there at least two licensed doctoral psychologists on staff in the event that a doctoral candidate wishes to receive supervision consistent with a future pursuit of licensure?

- Yes

Do you require students to apply to the district ahead of time?

- No

If so, please provide directions for students on where to apply (physical address/email address/website) and what portfolio materials to submit
