AGENDA

TUCSON

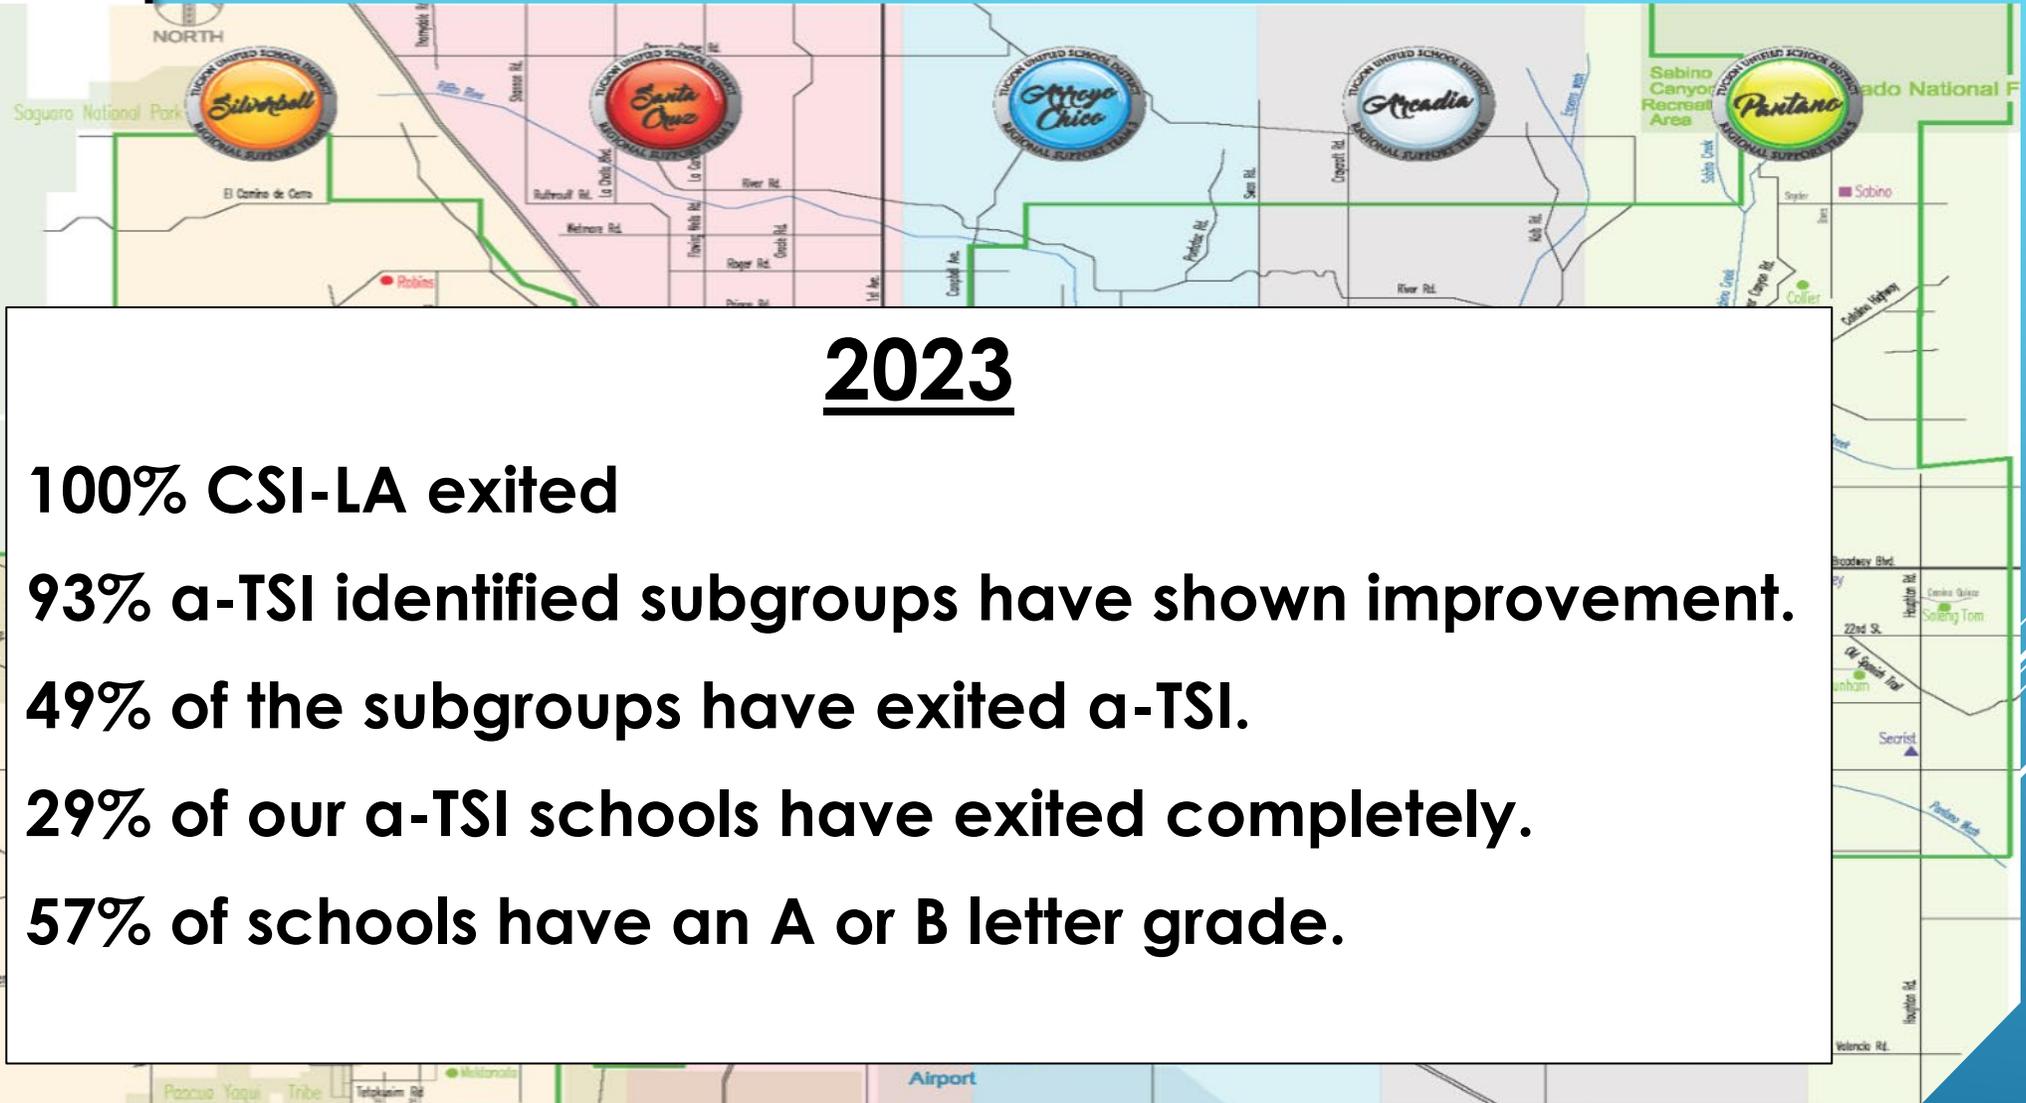

230 Sq. Miles
5 Regions
88 Schools

2019
14 CSI-LA/SIG
53 a-TSI
42% A or B

TUCSON

2023

100% CSI-LA exited

93% a-TSI identified subgroups have shown improvement.

49% of the subgroups have exited a-TSI.

29% of our a-TSI schools have exited completely.

57% of schools have an A or B letter grade.

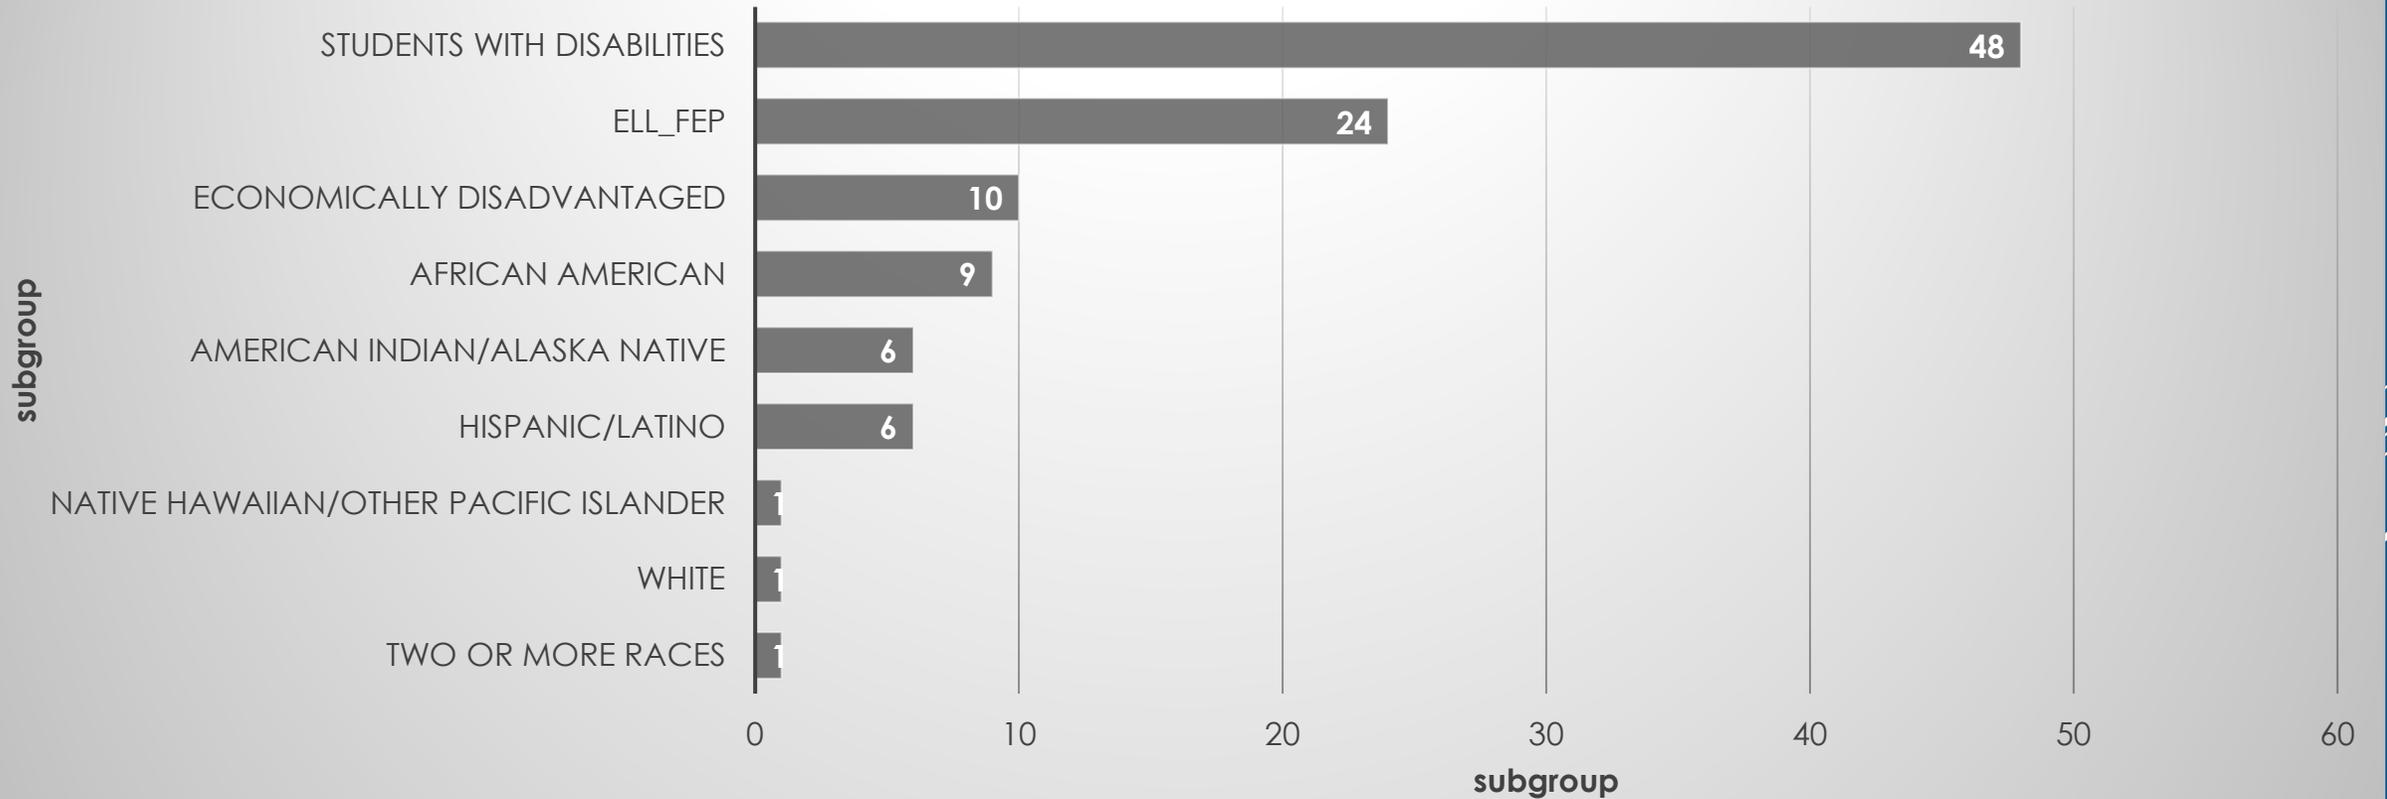

COMPREHENSIVE SCHOOL IMPROVEMENT (CSI)

TARGETED SUPPORT AND IMPROVEMENT (TSI)

2018-2019 TSI Identifications

Responding to Changing Education Landscape

- ▶ **Post COVID Instructional Haze**
- ▶ **Alternative Certified Teachers**
- ▶ **Moving from Compliance to Alignment**

Data & Research Based Practice

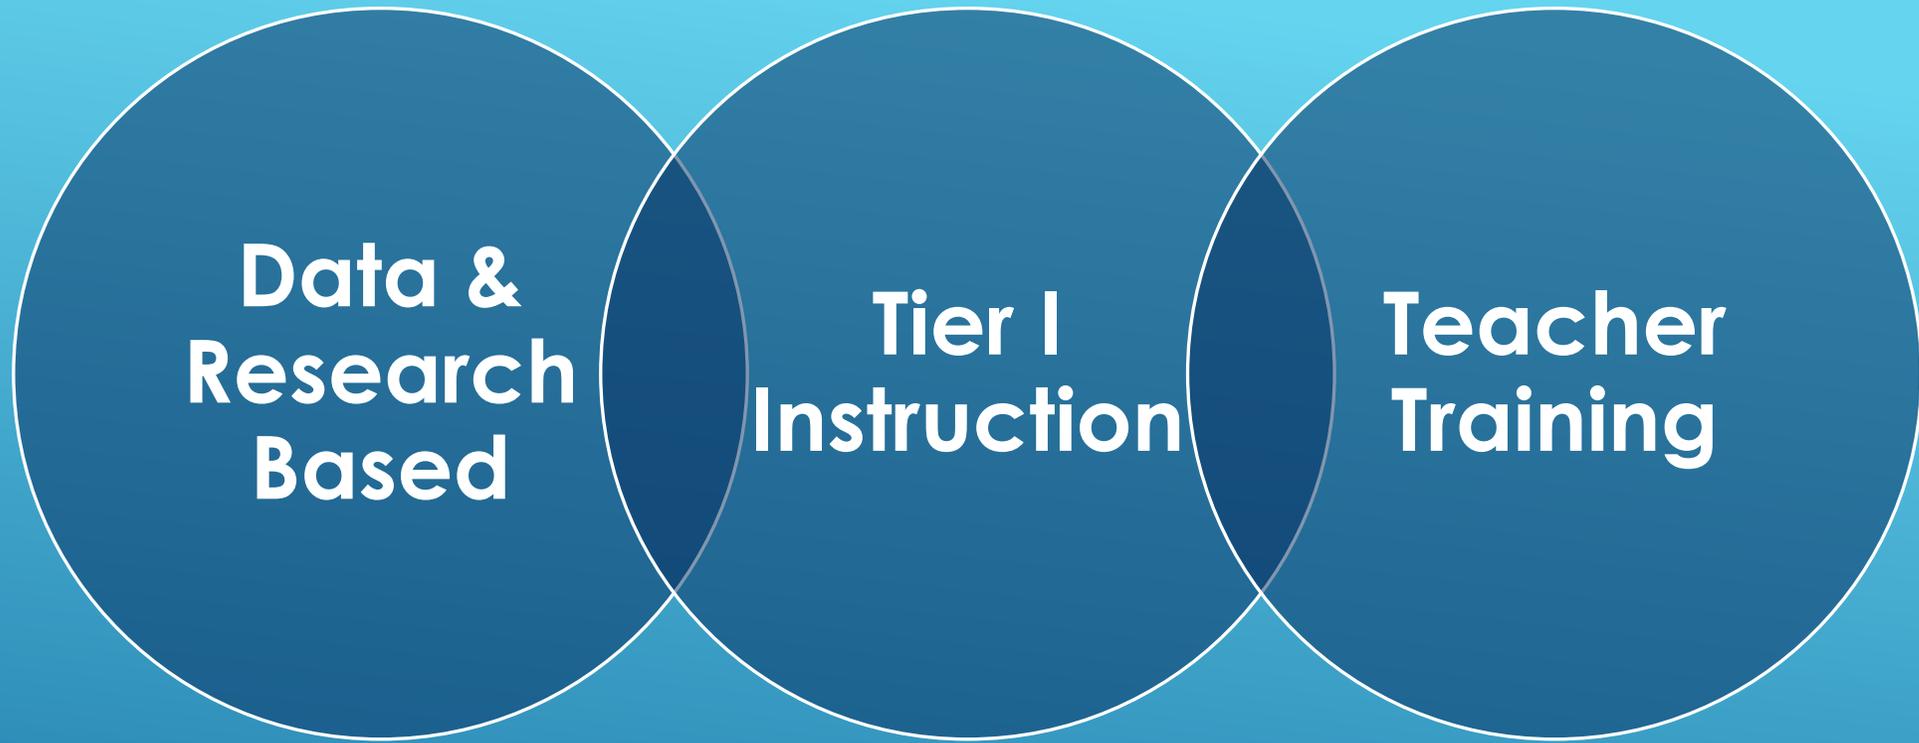

- CNA, Walk-Throughs
- Hattie Correlates

Teacher Training

- Teacher Preparation Academy
- Professional Learning Days (4 x year)
- Wednesday Early Out PD
- International Teachers
- Constant Training – Provide Subs

Tier I Instructional Practices

- Consistent Curriculum
- Unpacking of Standards
- Universal Design For Learning
- Teacher Clarity
- Learning Targets
- Success Criteria

TO ADDRESS THESE AREAS.....
WE DEVELOPED A PD PLAN ON
UDL AND TEACHER CLARITY

DATA TRENDS & RESEARCHED BASED PRACTICE

**IN GOD WE TRUST,
ALL OTHERS BRING DATA.**

- W. EDWARDS DEMING

Comprehensive Needs Assessment

6 Principles

35 Indicators

154 Questions

Root Cause Analysis

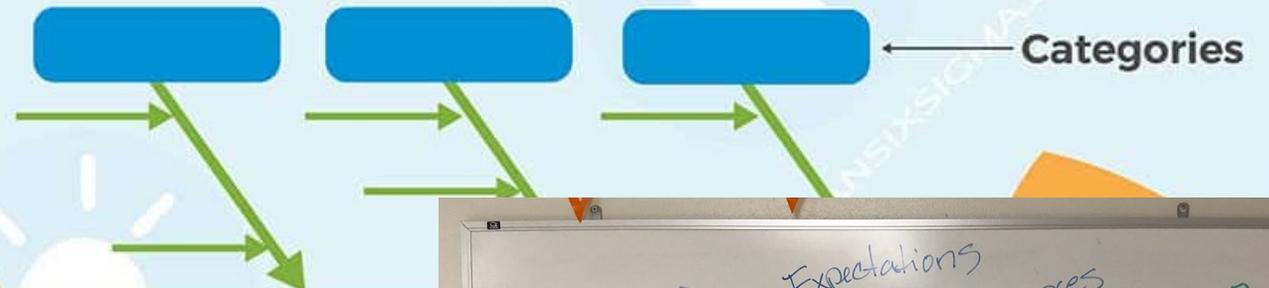

Fishbones

Organize into Categories (pre-selecting categories helps)

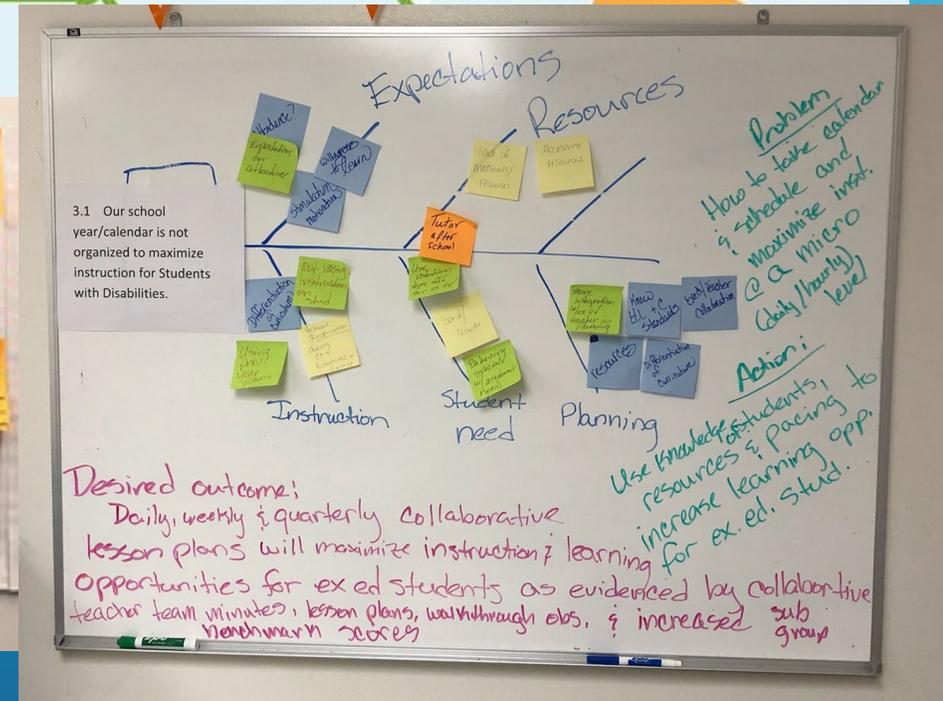

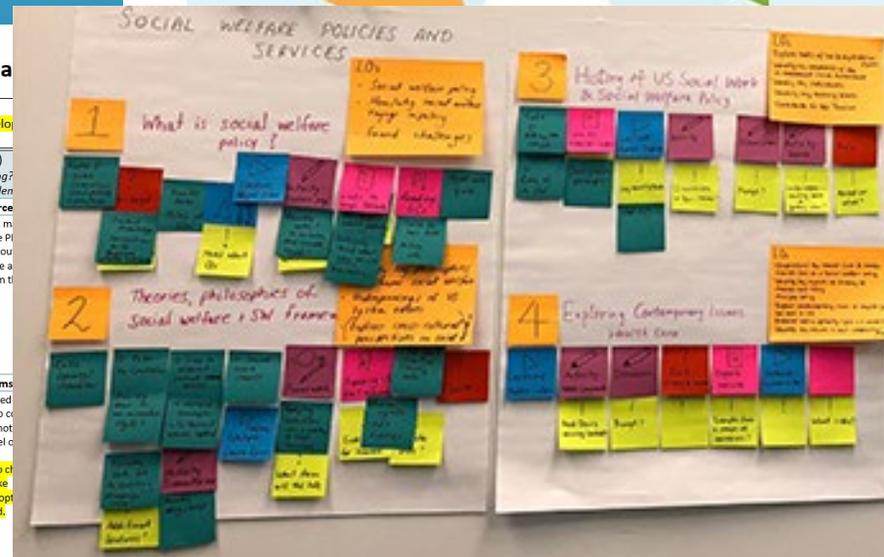

Instruction • Curriculum • Community • Teachers • Students • Infrastructure • Leadership • Assessment • Attendance • Time • PD • Climate/Culture • Technology • Subgroups

A Fishbone Diagram is a structured brainstorming tool using categories to explore root causes for an undesirable effect.

Root Cause Analysis Fishbone Template	
Lansa Academy - revised 1/13/22	
Overall Root Cause Statement The synthesis of the most powerful root cause(s).	Lack of differentiated Professional Development
Root Causes (label each category/headline and include details) These are the most influential contributing factors. "Why is the problem existing? contributing to the problem? Who plays a role in contributing to the problem?"	
Expectations	School Climate
<ul style="list-style-type: none"> There is a lack of follow-up after PD to ensure appropriate use. PD is too general and not content specific PD is not content specific which limits discussions Support staff are not included in the PD options and planning. 	<ul style="list-style-type: none"> Teachers feel like the PD is forced and not relevant. Teachers do not have input in what we do for PD. PD over zoom is not engaging. We keep doing the same PD each year
Primary Need The Principle and Indicator from CNA stated as a problem	Resource
Our teachers and appropriate other staff do not participate in ongoing, applicable learning opportunities.	<ul style="list-style-type: none"> New teaching materials do not match the PI Curriculum is out of date We don't have materials from other content areas
Planning	Student Subgroup
<ul style="list-style-type: none"> We do not learn strategies when to use the new PD We do not have time to plan together as content area teachers 	<ul style="list-style-type: none"> We don't know exactly what the learning gaps are for students. PD does not target subgroups. The provided PD is not targeted for ExEd student subgroups. Resources and training has not been provided for multilingual/ELD students.
Desired Outcome What will success look like if the needs statement is achieved and root causes addressed?	Systems
Teachers will engage in PD based on their content area and will have options to choose from.	<ul style="list-style-type: none"> PD is completed over zoom, no in-person The PD does not address the grade level or content area that I teach I do not get to choose which PD I take There are no options for PD that I need.

What is UDL?

22

2/20/2024

Image by vecstock on Freepik

The problem stemmed from the cockpit design.

But how many people fit these dimensions?

FLAW OF AVERAGES

25

2/20/2024

UNIVERSAL DESIGN FOR LEARNING (UDL)

BELIEFS OF A UDL PRACTITIONER

Variability is the rule, not the exception. Students don't have to do the same things at the same time.

All students can work toward the same **firm goals** and grade-level standards.

All students will become expert learners if **barriers are removed**.

PRINCIPLE 1: MULTIPLE MEANS OF ENGAGEMENT

PRINCIPLE 2: MULTIPLE MEANS OF REPRESENTING CONTENT

3: MULTIPLE MEANS OF ACTION AND EXPRESSION

EQUITABLE ACCESS WITH UNIVERSAL DESIGN

A CLOSER LOOK AT EQUITY

Equitable **access** to inclusive classrooms with grade-level peers

Equitable **opportunities** to learn aligned to grade-level standards.

Equitable **expectations** that they can be successful when provided with the appropriate support.

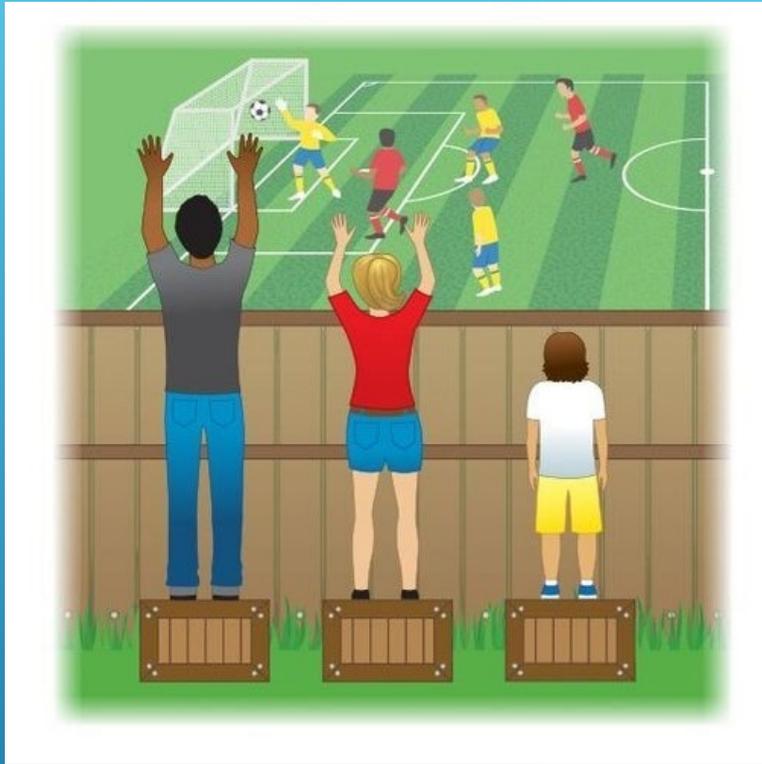

Equitable feelings of belonging and **hope**

WHAT IS THE DIFFERENCE BETWEEN EQUALITY AND EQUITY?

EQUALITY

EQUITY

UNIVERSAL DESIGN FOR LEARNING

What is it that **all learners** need to be able to **know or be able to do**?

What **barriers** may prevent students from learning?

How do I design **flexible** pathways for **all learners**?

DIFFERENTIATION

How should students be **flexibly grouped**?

What **experiences** are necessary for each group to be appropriately **challenged or supported**?

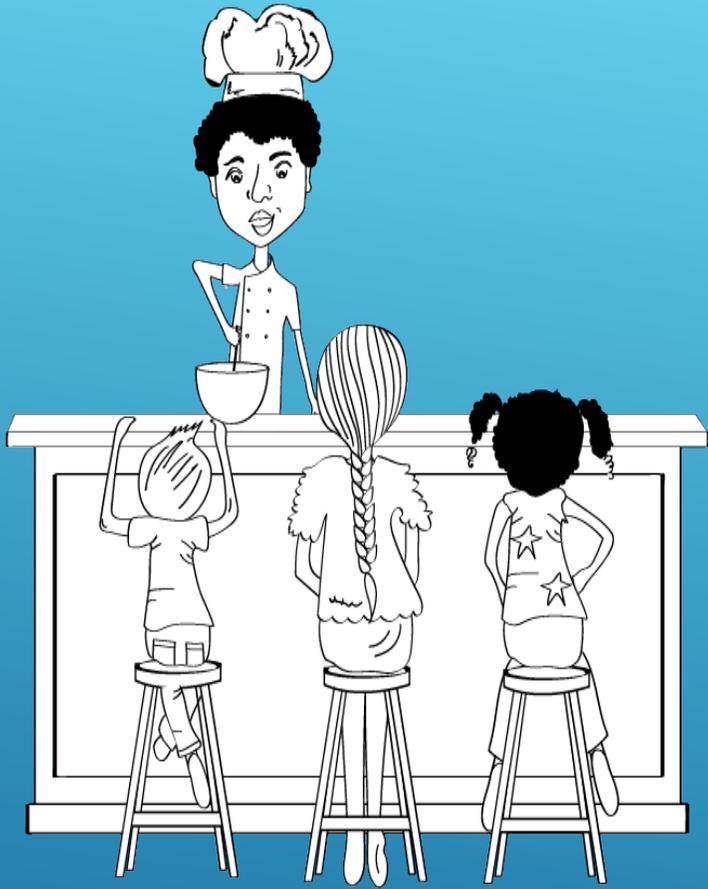

EQUALITY

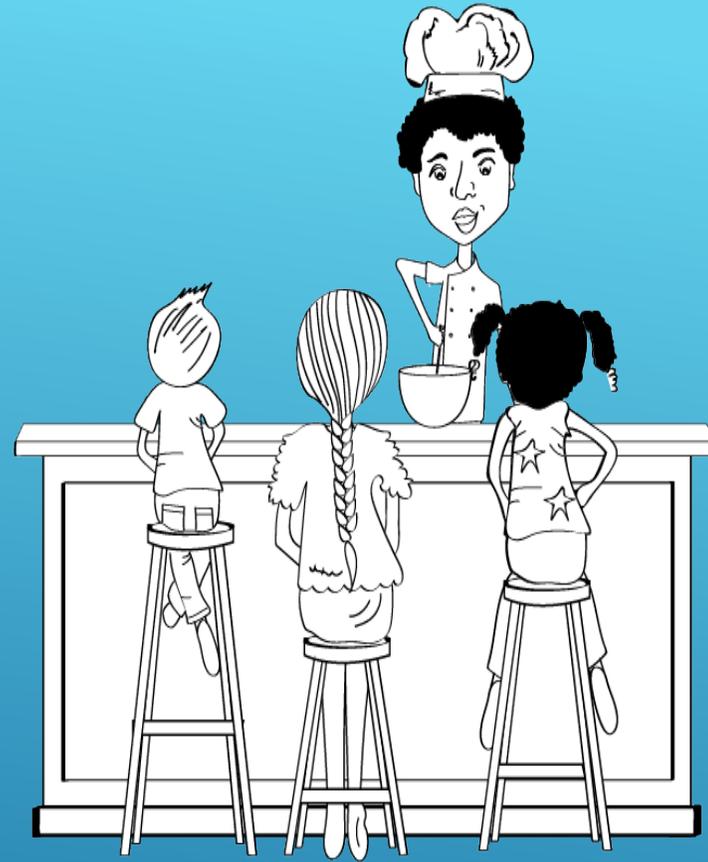

EQUITY

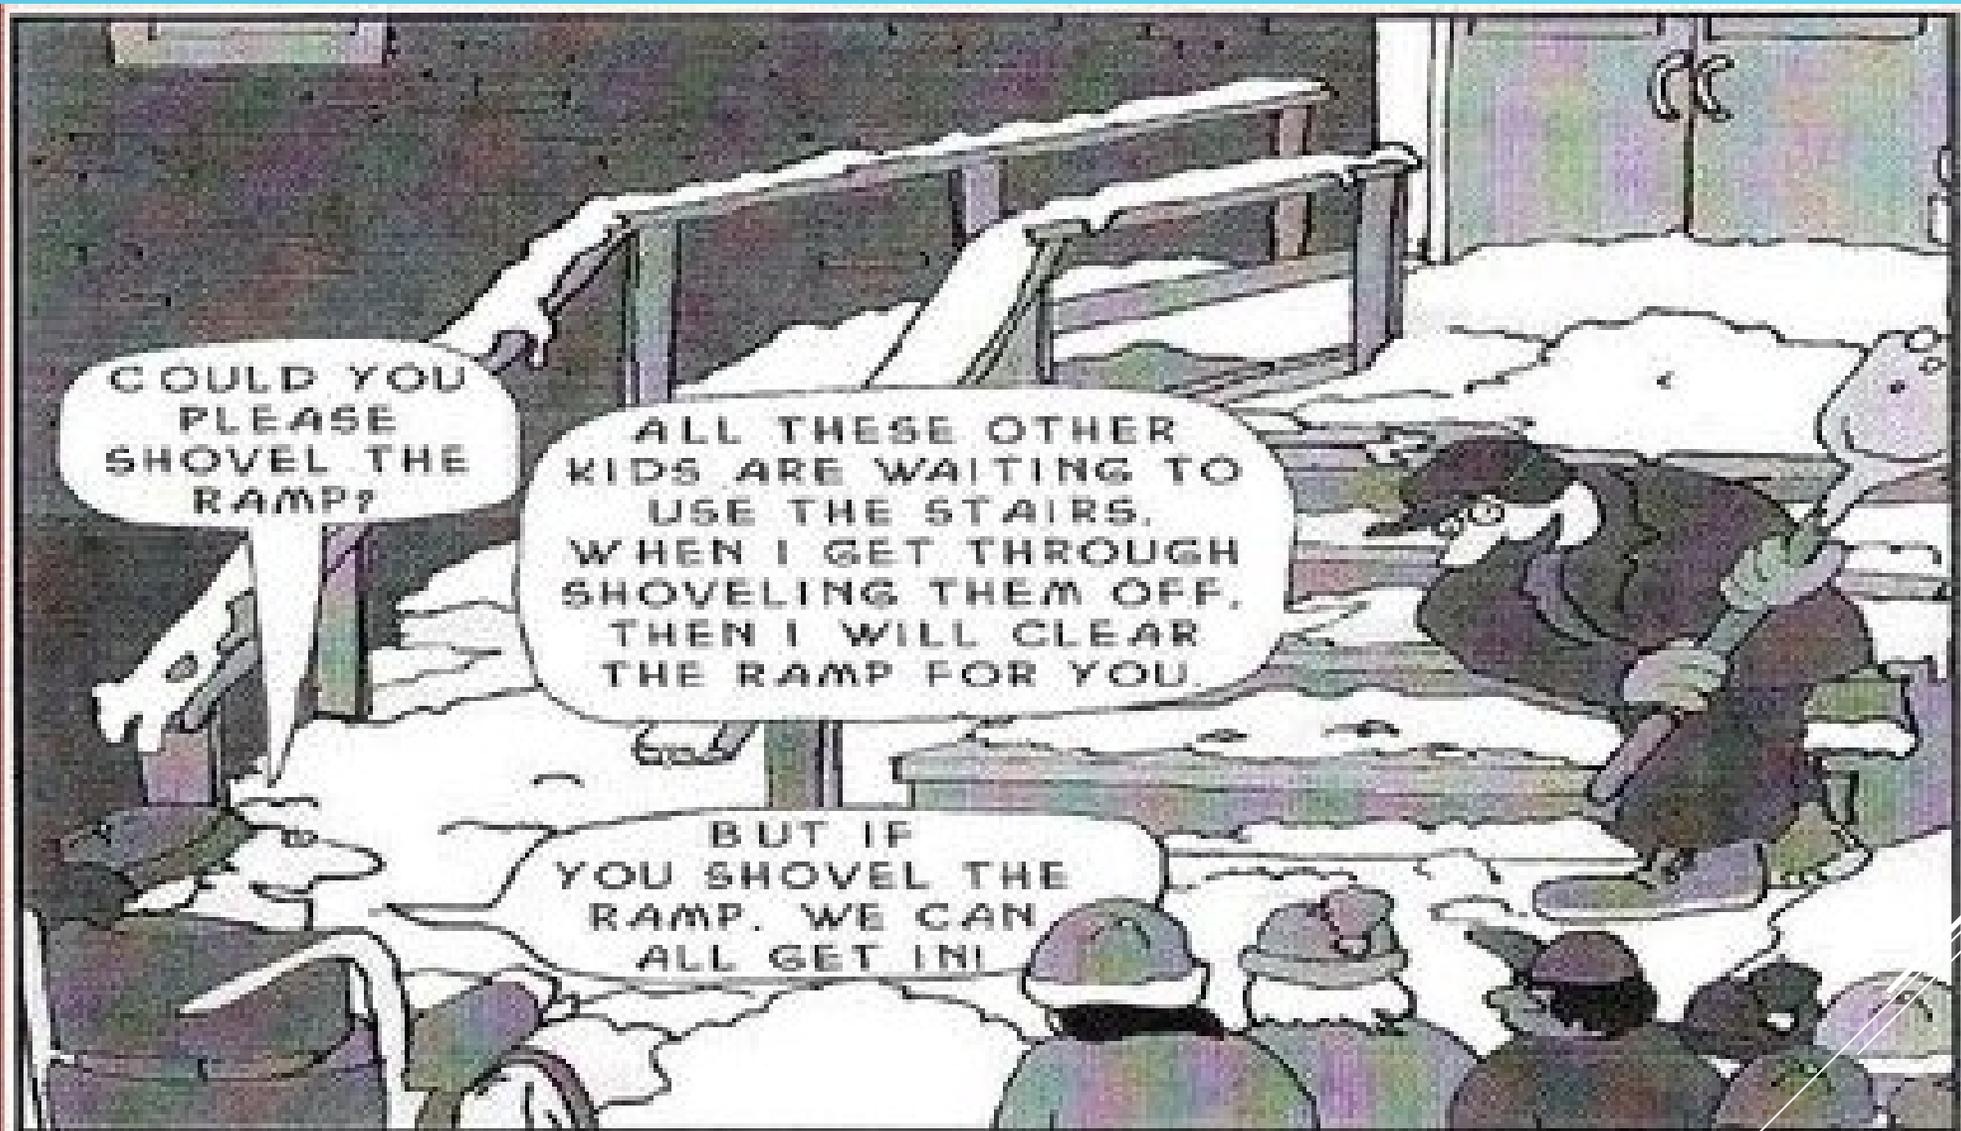

UDL

EQUALITY

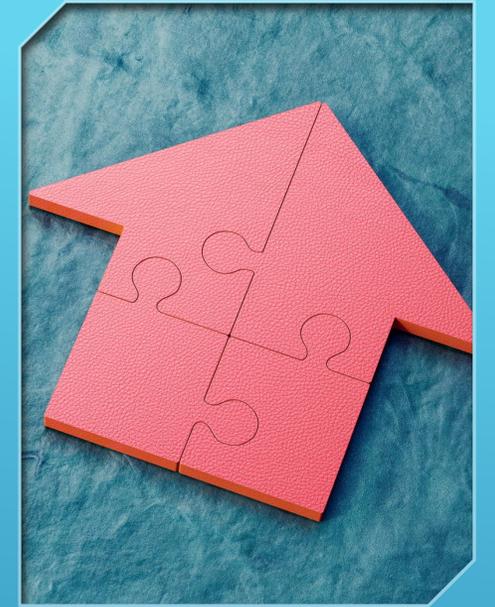

EQUITY

CLEARING A PATH
FOR PEOPLE WITH SPECIAL NEEDS
CLEARS THE PATH FOR EVERYONE!

- ❑ **Teacher Training in SY23** - 3,300 teachers trained in SY22, intro level courses, during Quarterly PD Day
- ❑ **Teacher Training in SY24** - Anticipate 4,000 teachers, second level training, Quarterly PD Day
- ❑ **All Administrators – Katie Novak Key-Note**
- ❑ **New Teacher Induction – Katie Novak Key-Note**
- ❑ **Leading & Coaching** - 45-Hour Course, 31 trained
- ❑ **Virtual Learning Institutes** – 500+ Teachers
- ❑ **UDL Book Studies** - SY22, SY23, SY24

Professional Learning (PLCs, PD, Collaboration between Staff)

Take out a sheet of paper or use the back of your agenda

Step #1—Draw a house

Step #2—Exchange your drawing with a shoulder partner

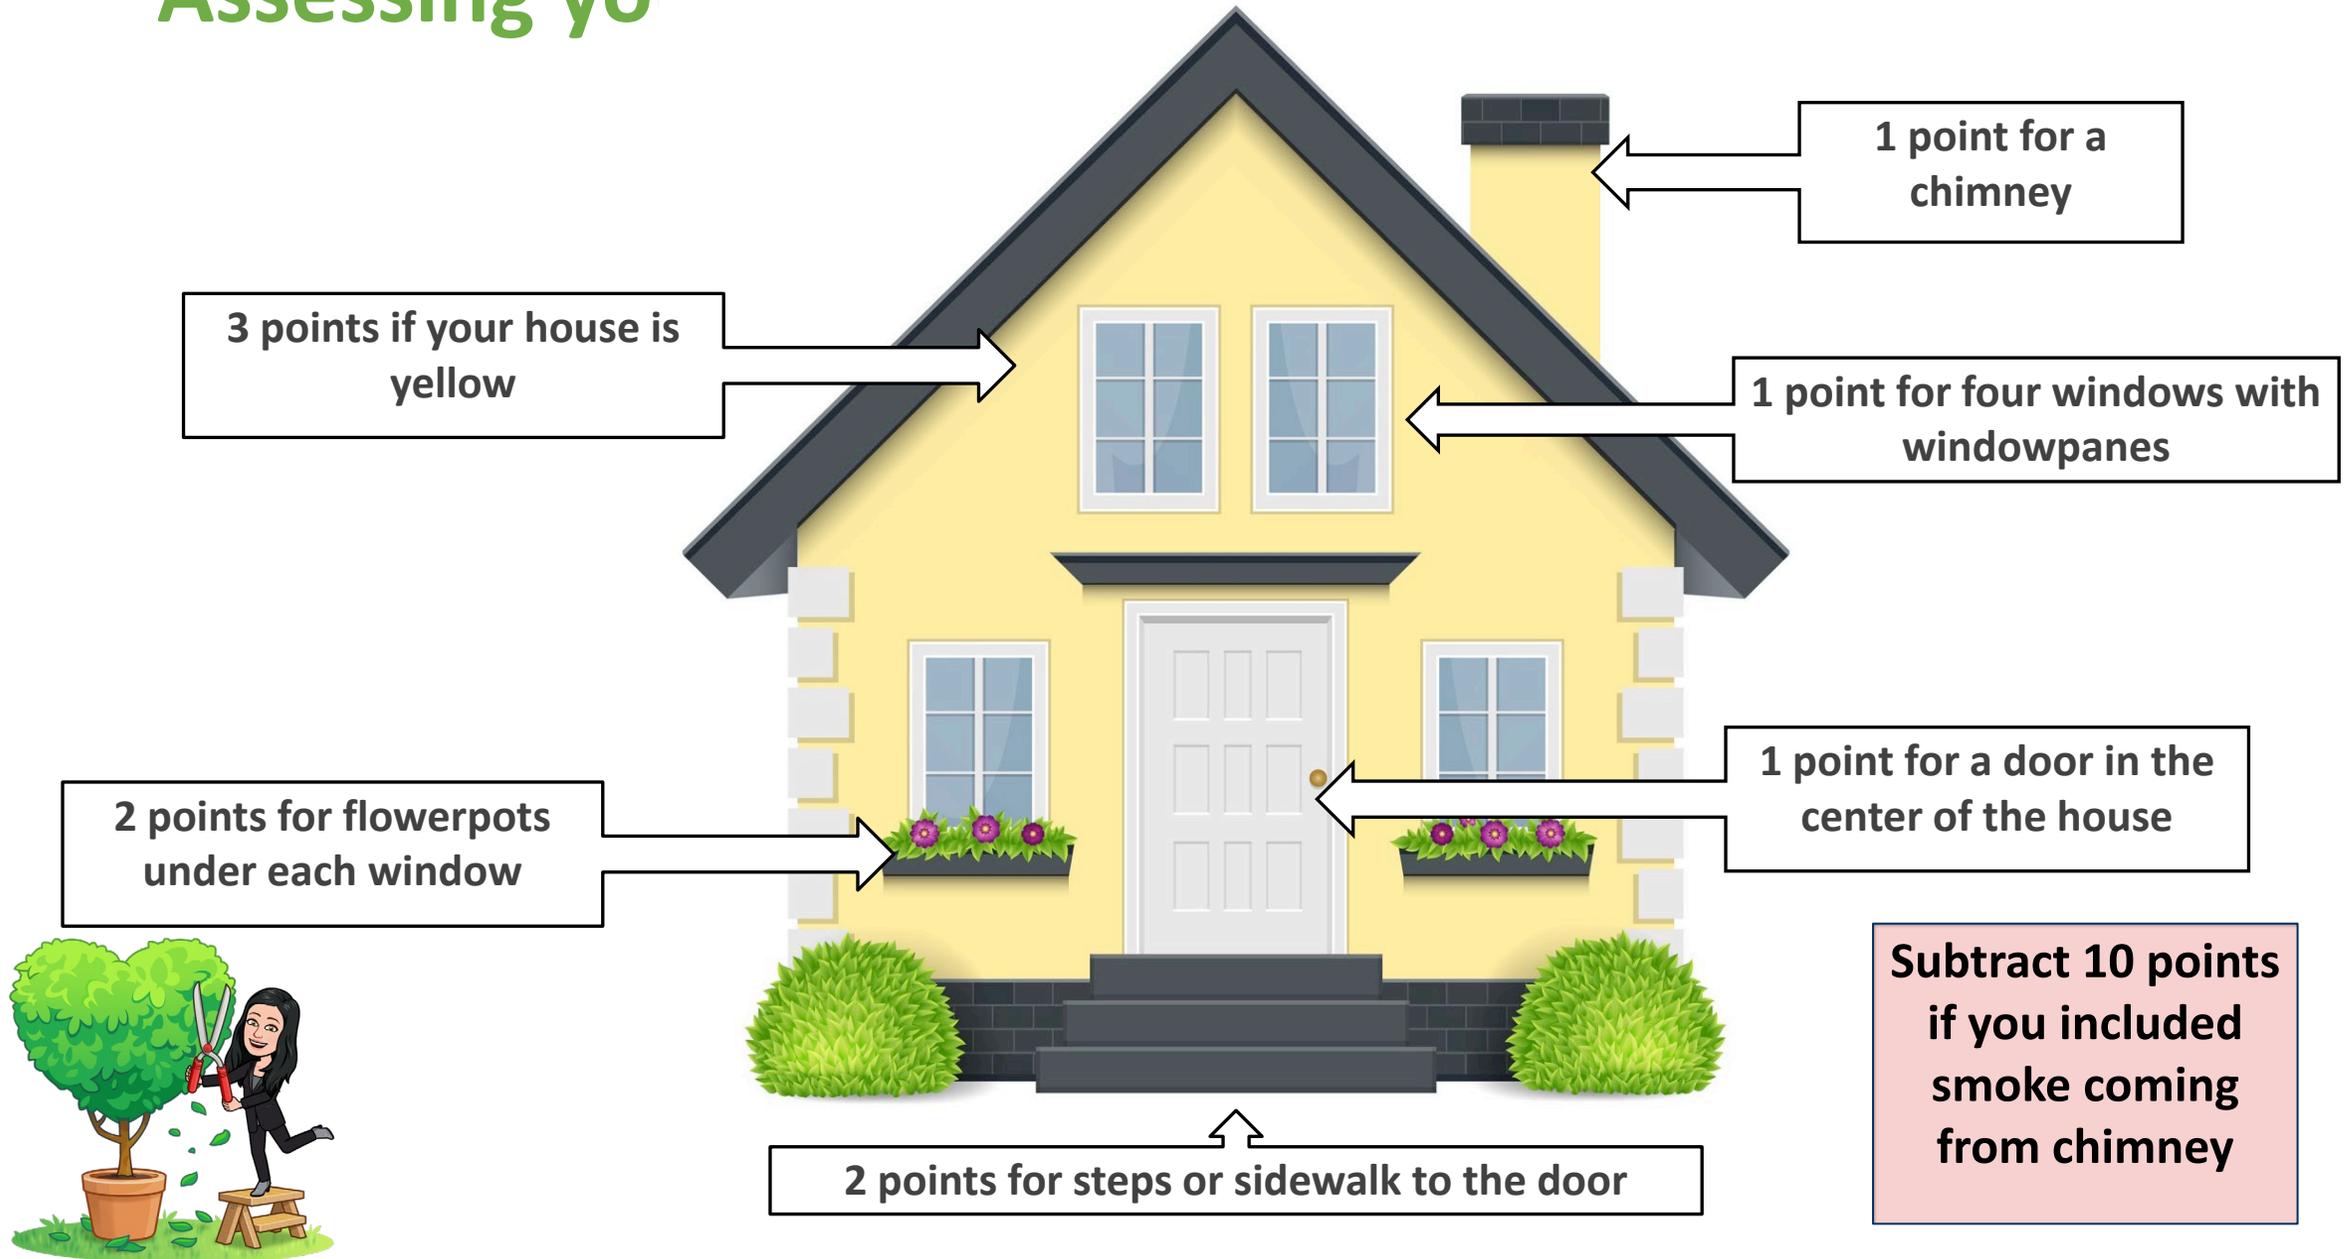

Step #3—Shoulder partner review your peer's drawing and give them feedback that would help them to improve their drawing

Step #4—Return the other person's drawing

Step #5—Use the feedback received to improve your drawing

Assessing yo

Without clear learning goals and success criteria...

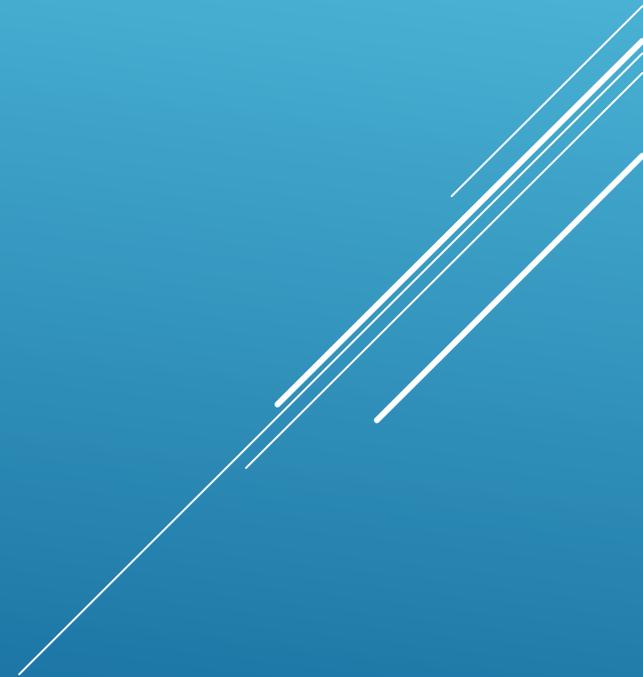

- What am I learning ? I'm drawing a house!

- How will I know I've learned it?

**I don't know.
My teacher just tells
me how many points I
get.**

- Why am I learning this?

**Because
they said so.**

What do I want my students to **know** (*content*) or **do** (*skill*)?

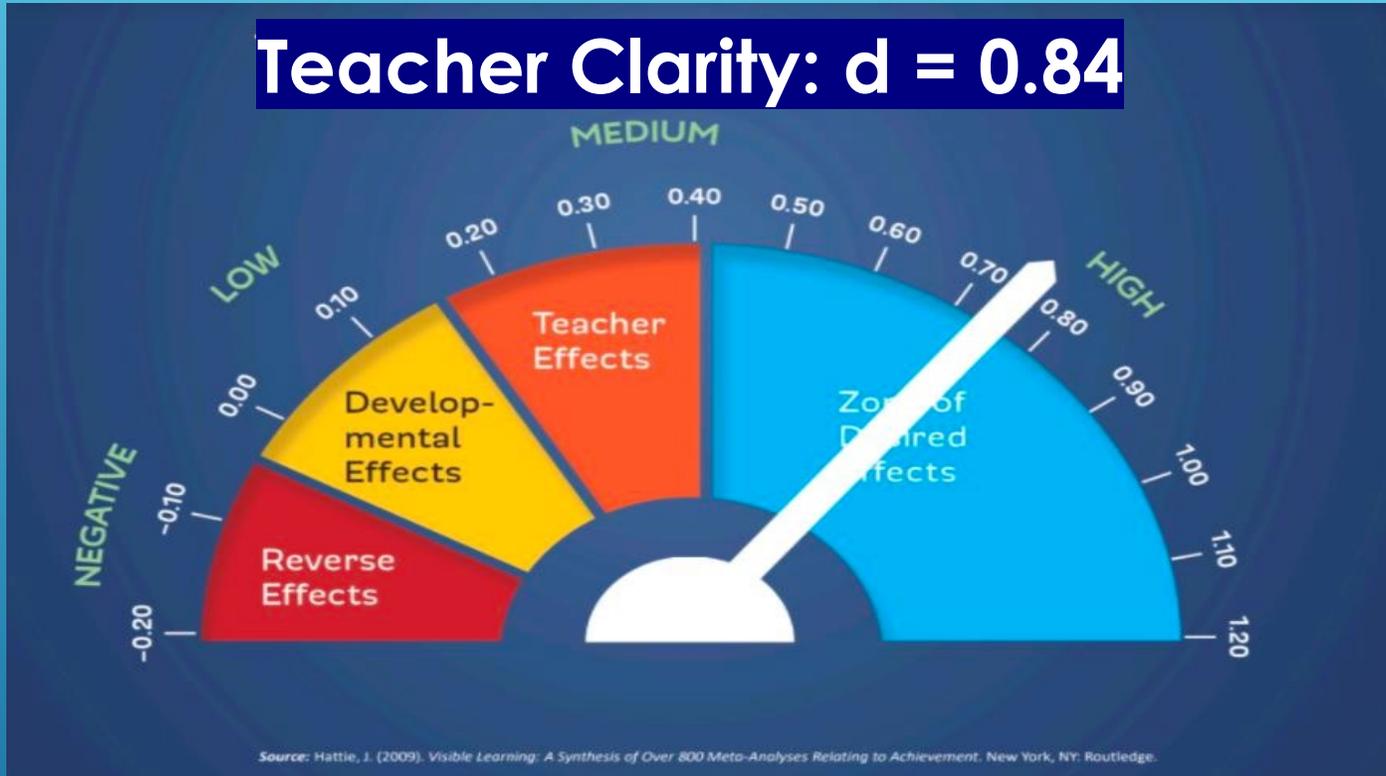

Why do I want my students to learn it?

How will I know if my students learned it?

TEACHER CLARITY

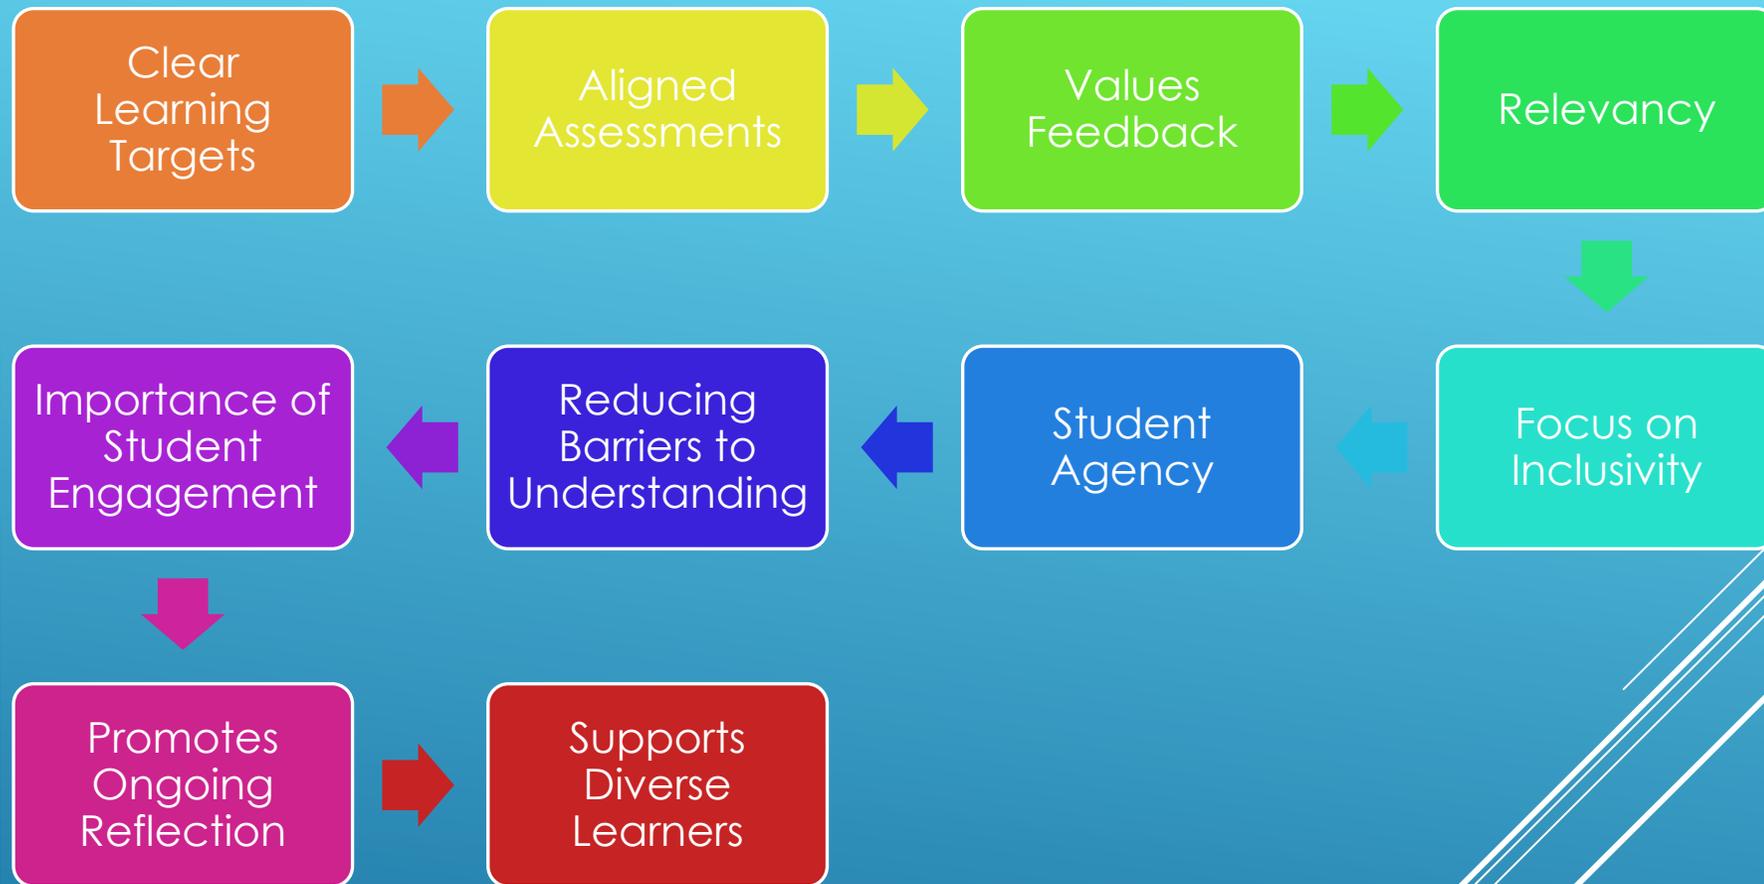

Visible Learning Meta Analysis (Hattie)

Teacher Clarity: $d = 0.84$

- Analyzed 320+ factors that **influence student achievement**
- Every factor has an **"effect size"**
- Average effect size was 0.4 - Represents an average year's growth per year of schooling for a student

Factors greater than 0.4 have more than a year's worth of growth in student learning!

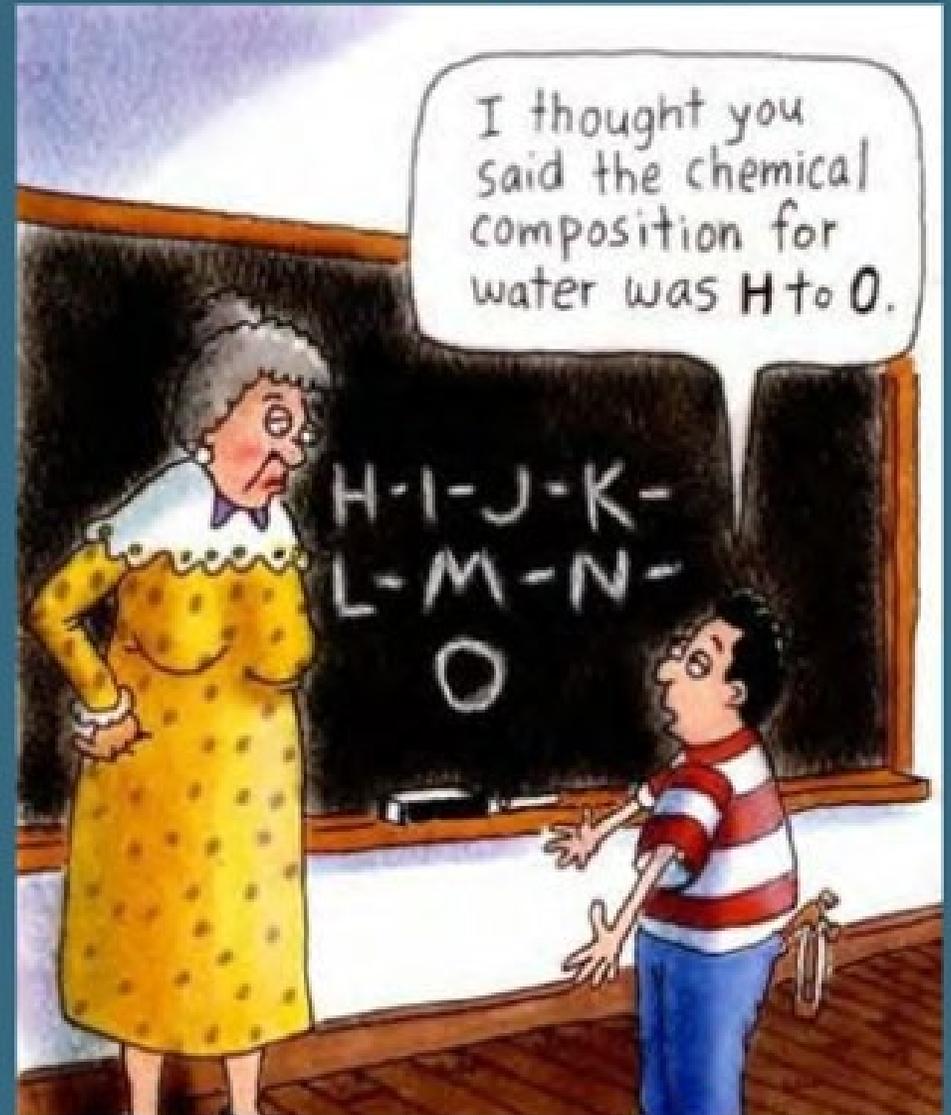

TEACHER CLARITY & UDL

"CLARITY IS THE
ANTIDOTE TO ANXIETY"

- MARCUS BUCKINGHAM

Student Clarity

Litmus Test

- ❑ **Teacher 2 day Workshop Training in SY24** – Goal was to train 1,400 staff ... currently at 1,200 new goal is 2,000
- ❑ **Teacher 2 day Workshop Training in SY24** – Scheduled for offer 30 two-day workshops
- ❑ **All-Administrators – Nancy Frey Key-Note and Admin PD**
- ❑ **AZ Visible Learning Conference** – early adopters, trainers and key principals.
- ❑ **Certified Teacher Clarity Trainers** – 28 staff members, lead the 2-day workshops for TUSD
- ❑ **Fine Arts Dept & CTE Dept Specific Training** -
